

## First POCACITO Workshop in Milan [1]

[2]

3 November 2014 - 12:00pm  
Ecologic Institute

The first POCACITO Workshop in Milan entitled *Initial Assessment & Vision Building* took place on 29 September. The workshop was hosted by Fondazione Eni Enrico Mattei (FEEM) with participation from an array of stakeholders representing the municipal environmental agency, an energy company, the national institute of urban planning, a transport consulting firm, a regional environmental organization, a financial development agency and the chamber of architects. The workshop was successful in terms of gathering feedback on the Initial Assessment indicator data and data sources and in developing a vision of a post-carbon Milan in 2050. The eight stakeholders from Milan were motivated to engage in discussion and contribute their expertise throughout the day. POCACITO would like to specifically thank each stakeholder for their involvement, which includes:

Maria Berrini - Agenzia Mobilità Ambiente Territorio (AMAT)  
Riccardo Fornaro - A2A Energia  
Luca Imberti - Istituto Nazionale di Urbanistica, Lombardia (INU Lombardia)  
Patrizia Malgieri- Trasporti e Territorio (TRT)  
Marta Papetti - AMAT  
Damiano Di Simine - Legambiente Lombardia  
Dino De Simone - Finlombarda S.p.A., Direzione Energia  
Alessandro Trivelli - Ordine Architetti

For additional information on the first workshop in Milan, be sure to check [here](#) [3].
